Moxidectin	Quest	12
Ivermectin Praziquantel	Equimax or Zimectrin Gold	8
Moxidectin Praziquantel	Quest Plus	12

Sand Treatment

If your horse's results denote that sand is present, this is the treatment that we will explain to you:

Trace (few grains): No treatment necessary

Moderate: Give 1 cup psyllium once a day by mouth for 2-3 weeks, then recheck

Heavy: Give 1 cup psyllium twice a day by mouth for 2-3 weeks then recheck
